Ideal for
**Mobile Homes,
Caravans,
Boats, Yachts,
Storage Sheds,
Truck Storage,
Holiday Homes,
Temporary Venues**

BlueEye Alert

The next generation of security and surveillance systems

Complete alarm system including camera and Siren/Strobe

Wire-free - no cables or wiring

Patented low power design - unmatched battery performance

Half the cost ... twice the quality

A revolution in portable surveillance and security

The ultra low-power "Eye Series" cameras are the first to incorporate PSIS, a technique where a surveillance camera operates between CCTV & Digital Still Camera modes. This allows critical images of events (attacks, vandalism, thefts, terrorism) to be stored in high resolution without the usual degradation in quality of CCTV still images.
